## ABOUT ME

I've been working as a frontend developer for the last 4 years in different sectors, from e-commerce to Air Cargo going through security or even Real Estate projects.

Most of these changes are due to my ambition to find something challenging and keep learning and improving my skills. Also, my passion for discovering new places lead me to move to various cities around Spain, and now I'm looking to move abroad for enhance my English.

## EXPERIENCE

### PROFESSIONAL AND PERSONAL DEVELOPMENT CAREER BREAK - SWEDEN

April 2023 - Present

- Intentionally relocated to Sweden to improve my English level
- Explore new technologies like Astro and Next.js while staying updated with the latest trends in the ever-evolving tech landscape
- Learn about documentation, how to make things easier for a team and enjoy creating in Notion

### WEBCARGO BY FREIGHTOS - REMOTE/BARCELONA FRONTEND REACT DEVELOPER

May 2021 - March 2023

React, Typescript, Redux, Hooks, JavaScript, SCSS, Cypress, PHP, Segment, JIRA, Confluence, Notion

- Implement new features
- Fixing and prioritizing different bugs in our real environment
- Work closely with QA team
- Analysis and study of client behaviors through Segment platform helping Product and Marketing departments
- Leading team meetings related with Agile ceremonies such as sprint retrospective

### RINGO TECHNOLOGIES - REMOTE/MADRID FRONTEND REACT DEVELOPER

October 2020 - May 2021

React, Typescript, react-query, Hooks, styled-components, React Testing Library

- Working on new components for our product
